

Habitat for Humanity Greater San Francisco is proud to partner with the LGBT community and allies to celebrate San Francisco Pride in memory of Habitat San Francisco founder Steve Jacoby

In 1991, Steve Jacoby took the first steps toward bringing Habitat for Humanity to San Francisco. He died from AIDS before ever seeing the organization incorporated, but without his vision and work, Habitat for Humanity Greater San Francisco would not exist today.

**“HIS SPIRIT WAS CONTAGIOUS. HE INSPIRED THE GROUP WITH HIS KNOWLEDGE OF HABITAT FOR HUMANITY, HIS OWN PREVIOUS INVOLVEMENT AS A VOLUNTEER, HIS FEEL FOR THE PHILOSOPHY BEHIND THE MOVEMENT, AND HIS PASSION TO SEE IT HAPPEN.”**

Francis DuBose, founding board member

We honor his memory with the second annual *Stephen Blake Jacoby Memorial Build with Pride*. Join members and allies of the LGBT community for this unique volunteer experience strengthening communities right here in the Bay Area.

# FREQUENTLY ASKED QUESTIONS

## 1. I've never held a hammer in my life; can I still work on a construction site?

We welcome volunteers of ALL skill levels and we provide the training necessary for the task at hand.

## 2. How old do I or the members of my group have to be to volunteer?

All volunteers must be at least 16 years old to work on the construction site. Those ages 16-17 need to bring a waiver (provided on our website) signed by a parent or guardian.

## 3. What safety information should I know?

Habitat's construction team will train you on all the safety information you need to know but we encourage you to view the safety videos located on our website prior to volunteering.

## 4. Is there street parking near the site?

Street parking is extremely limited near the construction site and there's no parking at the site. Volunteers are strongly encouraged to take public transportation to avoid parking headaches. And buses can NOT drive on Capitol Ave.

## 5. It's raining. What do I do?

Don't fret! We often build during rain, depending on the stage of construction. If it's raining the morning of your build, call 415-625-1038 after 7 a.m. A recording will alert you if the build day has been cancelled.

## 6. What should I wear?

Sturdy, closed-toed shoes and rugged clothes like jeans and t-shirts that you don't mind getting dirty are a must. Also, since much of the work we do is outdoors, bring layers appropriate for sudden changes in weather. Leave jewelry at home.

## 7. What should I bring?

Please bring a water bottle plus sunscreen, jackets, hats or sunglasses. We'll provide the tools and hard hats. Leave valuables at home as there's no secure storage onsite.

## 8. Can I leave early?

We ask for a full day commitment from our volunteers; Arriving late or leaving early means we can't properly train volunteers or may mean we can't finish important work.

# TYPICAL WORKDAY SCHEDULE
